## Opening the doors to homes that strike a chord

We handpick only the most outstanding properties to join the Domus Stay collection.

Our homes don't just stand out on paper. We seek out backdrops that spark creativity, induce relaxation and elevate the everyday. No matter what, they're anything but ordinary.

Expect Chelsea townhouses, Notting Hill maisonettes with communal garden access and Mayfair apartments reimagined by esteemed creatives. Beyond the considered design, find conversation-starting artwork, libraries filled with rare first editions and chef-grade appliances.

## Curators of remarkable stays

Making guests feel at ease in our one-of-a-kind homes is what we do best.

With a background rooted in luxury property and hospitality, respect for design and personal service come naturally to us. We understand the travel demands of high-net-worth professionals and are here to accommodate any request, whether that's a private chef or helicopter hire.

Handling every aspect with care and pride, we're committed to looking after the properties in our portfolio as if they were our own. As well as maintaining them to the highest standards, our diligent approach to inventory checks and security offers peace of mind for everyone.

## Architects of the good times

Assistance when guests need it. Discretion around the clock.

As soon as a booking is confirmed, our guest services team is on hand. Consider us the concierge: we'll stock the fridge with preferred groceries and the bathroom with sustainable Bamford toiletries.

Because great stays are also about what happens outside the front door, we can tailor-make experiences to suit each individual. Think personal training sessions, bespoke shopping consultations and artist-led workshops.

### Max Slaght, Co-Founder

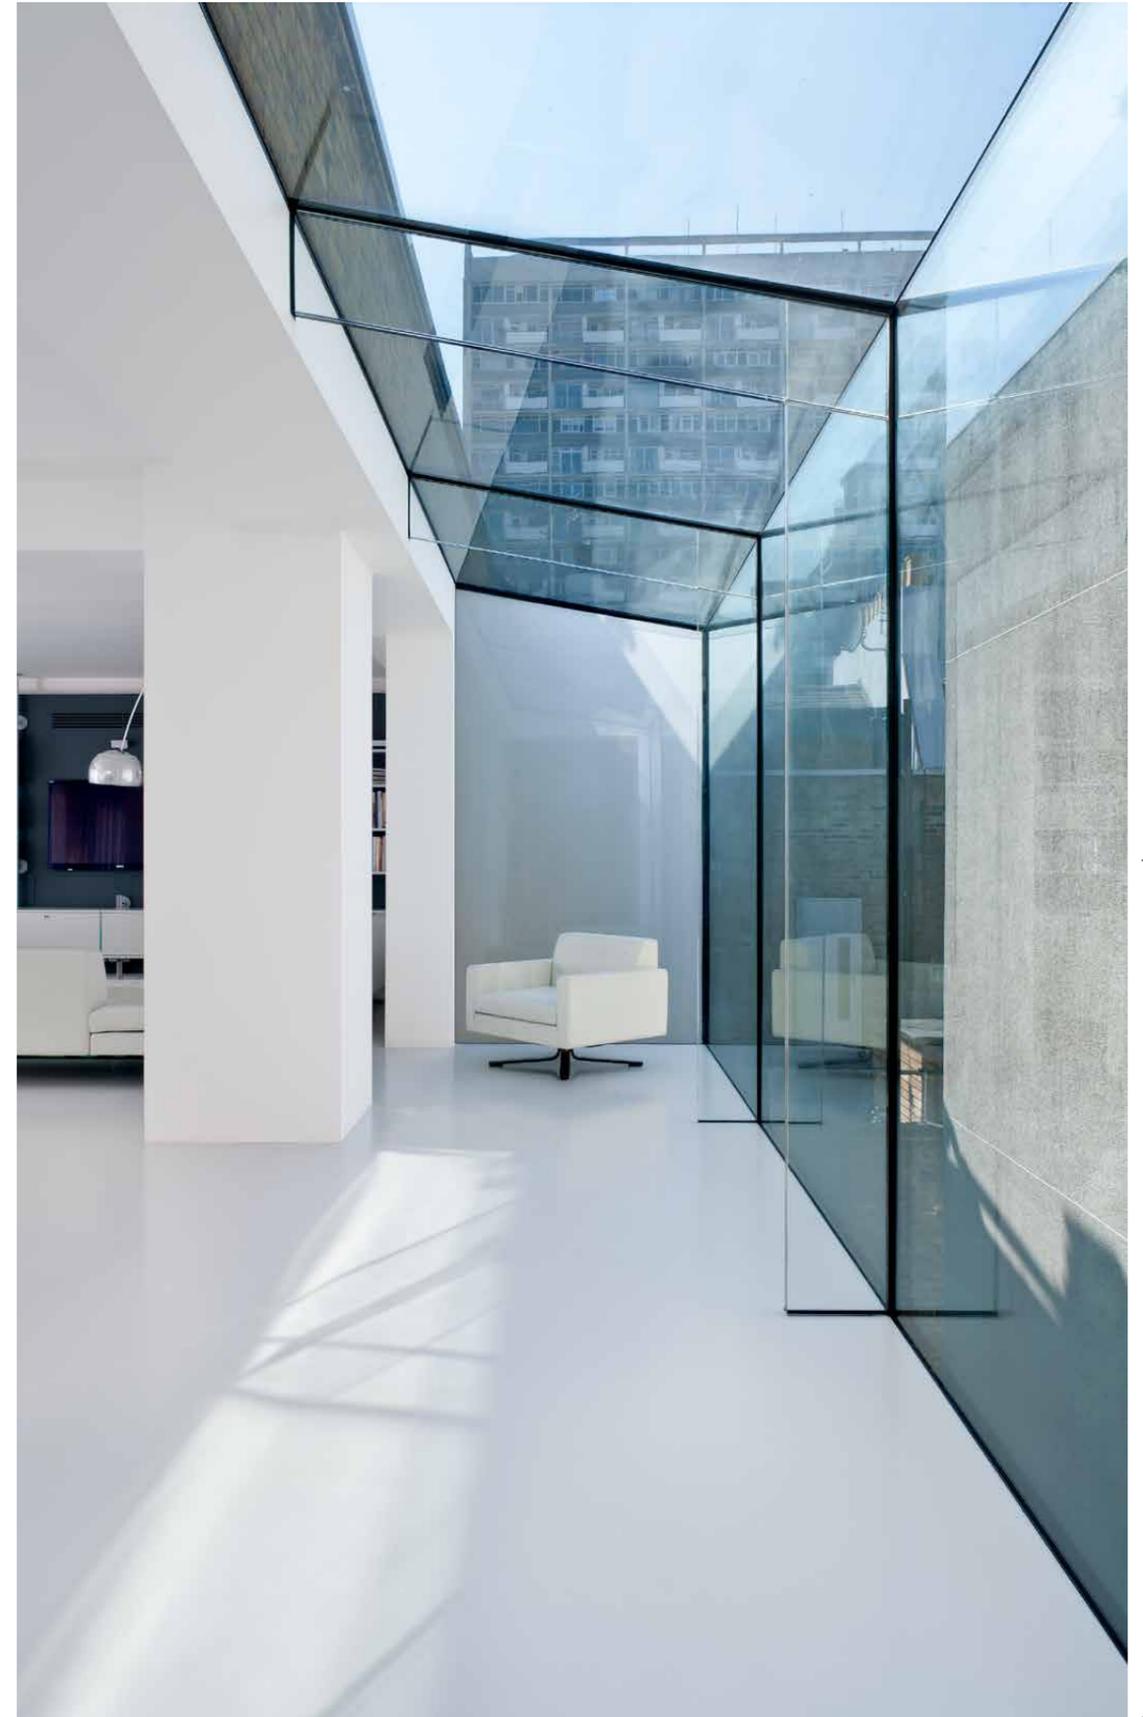

Unrivalled expertise in London's prime property market reflects Max's 23-year career in design-led, high-end homes and fluid relationship management.

## Securing a short stay

Booking one of our homes couldn't be simpler. A dedicated reservations specialist will lead the way.

From initial enquiry to guest check in and beyond, booking with us is straightforward. Guideline rates – which include weekly housekeeping, luxurious linens, toiletries and all utilities – are available online, but it's best to speak to us for tailored options. Should they be needed, we can provide editorial-quality brochures, hi-res imagery and video walkthroughs.

We understand that discretion is essential and work to welcome guests accordingly. Our friendly team is on the ground to greet everyone and ensure they're completely at home in the property. There are no check-in or check-out times, all we ask is that guests let us know how – and when – they'll be arriving.

# Embracing meaningful change

We're committed to making a difference to the communities we operate in.

Our uncompromising high standards towards both people and planet mean we've earned gold-rated accreditation from Quality in Tourism and become the first short stay brand to be awarded the Butterfly Mark for sustainability by Positive Luxury.

We're continuously improving our practices across energy and waste reduction, single-use plastics and community engagement, and actively champion local entrepreneurs, craftspeople and independent brands.
