'It's been a whirlwind since our fabulous Wedding at The Grayson and the honeymoon that followed!

Sara we wanted to send you a special thank you, you were an absolute dream to work with! As for The Grayson, the food was sensational, the cocktails were (too) delicious, the level of service was exceptional, and the overall execution of the day was top class! Zelda and Ross were an absolute dream team, so accommodating, professional, fun and overall, a pleasure to have on the day.

A special shout out to Zelda for checking in on us throughout the day and taking care of us, making sure we saw the Blue Room set up before our guests and ensuring I always had a cocktail in hand, she was fantastic from start to finish!"

"I can't say enough good things about our wedding at The Grayson. From day one they were amazing. Press Up's wedding planning team helped us figure out the details of our big day, from menu to decorations and everything in between. Even knowing how well prepared we were, I was still completely blown away by how great the staff were on the day.

As soon as we arrived at The Grayson I knew we didn't have to worry about a single thing. The food was delicious, the staff were so nice, and everyone was served swiftly. We were able to drop off decorations the morning of the wedding and the staff at the Grayson arranged them around the rooms for us. At the end of the night, everything was neatly packed away for us to take home with us.

Long story short, they handled our 180-person wedding party with grace. We could not have been happier with how the day went!"
